

## RESEARCH

IHD and the Eastern Regional Centre have been engaged in several analytical and policy-related studies, based on both primary and secondary sources of data. Around 40 research and evaluation studies have been conducted and 10 publications have been brought in the form of books/monographs on the eastern region. Further, many high-level debates and discussions, including the seminars, workshops, consultations and conferences have been organized, which have been attended by a cross-section of scholars, experts, social activists, development practitioners and policy-makers.

### Research Themes

The Centre has been working around the following themes:

- Food Security
- Hygiene and Sanitation
- Health and Nutrition
- Tribals and Other Vulnerable Groups
- Evaluation of Development Policies
- Development, Strategy Papers & Policy Reports
- Livelihoods and Employment
- Education and Literacy
- Cross-cutting Themes such as Public Service Delivery, Gender Issues, etc
